Tips for Set-out and Collection

- **Proper set-out.**
 - Place carts side-by-side 2 feet apart and 5 feet away from obstructions such as trees, parked cars and other obstacles, which could result in non-collection.
 - Please have carts out by 6am on collection day.
- **Proper sorting makes a difference.**
 - Proper sorting of organics and recycling keeps material out of the landfill and saves resources.
- **Cart lids must close completely.**
 - Do not overfill the carts.
 - Items in over-packed carts may get stuck.
 - Closed lids reduce litter and unwanted pests.
